Dog Walker

Rate of pay:
£10 per hour.

Weekly Hours:
Between 25 and 30 per week, Monday to Friday.

Company pension:
Auto-enrolment 4%.

Holidays:
Up to 28 per year including bank holidays.

We're a top-rated dog walking service, and we're looking for someone to join our great team of dog fanatics. This job involves lots of direct contact time with dogs and their owners, but also (inevitably) a lot of driving of a transit-size van. We're a team of four, so you'll become part of a close bunch and between us we walk over 100 dogs a week... so you'll definitely get to meet a large range of breeds and personalities.

What you'll be doing.

You'll **collect and drop off up to 20 dogs per day in one of our vans**, from their homes around South Liverpool. The route planning's all done for you but **safe driving and ensuring the dogs are picked up and dropped home safely** is our, and your biggest concern.

You'll **spend time with the dogs on our secure field**, maybe meeting one of the other Hound Hub walkers and their pack whilst you're there. You'll make sure everyone is behaving, getting lots of exercise and of course giving cuddles where they're wanted.

If they're at home, you'll also **interact with our customers**, answer any questions and update them on how their dog's day has been. You'll **always ensure you secure our customer's houses** when you leave, leaving the house as they ask (alarm on/off, dog wiped down, water refilled – you get the gist).

You'll be **happy to regularly complete training** around canine first aid, manual handling, health and safety and other vital bits of learning.

What we need from you.

First and foremost, you must see yourself in our **company values**:

WE LOVE ALL DOGS:

Each one like he or she is our own.

WE'RE ALWAYS HERE TO HELP:

Whenever our dogs (or customers) need us.

WE'RE LIKEABLE:

A real friendly bunch.

WE TAKE PRIDE:

If a job's worth doing...

Experience of dog handling is needed, and you must be confident in working with a variety of breeds.

A **clean driving licence** and **confidence behind the wheel**.

Education is not our top priority in this job, the ability to manage our four-legged friends and **giving warmth, care and a love** to them is far more important. So as long as you've got **basic reading skills**, can **deal with numbers** and **good communications skills** you'll be fine.

You need to **be able to deal with diverse days** - things change, routes alter, dogs get cancelled or added late. You need to be **flexible in how you deal with this** (always with our support).

You'll be a **friendly person with good people skills**.

How to apply.

We'll need proof you're the person we need – so we're asking for:

- A cover letter or video telling us **why you want to job and how you meet the requirements.** We want someone who's going to be with us for a good while, so tell us why this job would work for you.
- **Qualifications that are relevant** if you've got them.
- Proof of a full, clean, **UK driving licence.**
- **Two references** – at least one that can confirm your ability to handle dogs.

If you look like the person for us, we'll invite you to come to the field when we're there with the dogs to see how you interact with them. Then we'll pop for a coffee so we can go through the details and see how you feel about the job and how we feel about your fit.

Send everything via...

 **Email** anthony@thehoundhub.com

 **WhatsApp** 07736045828

Closing date 5pm Friday 10th June 2022.

Thanks for reading,
and good luck!
